

BOUDOIR

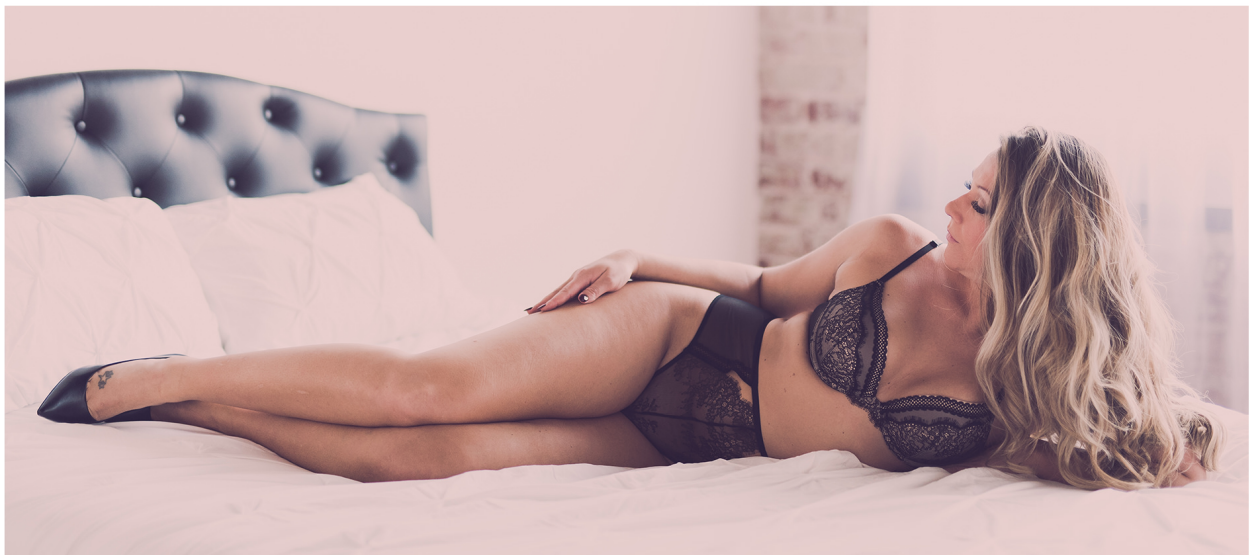

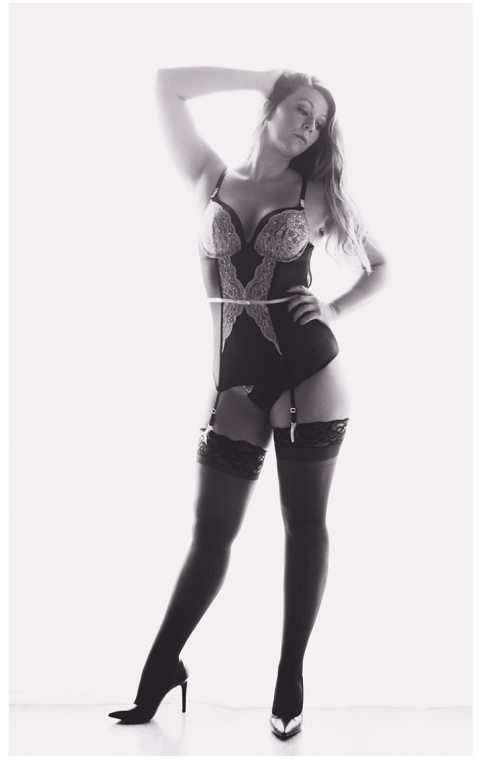

AMANDA DEE PHOTOGRAPHY

WHAT IS BOUDOIR PHOTOGRAPHY ?

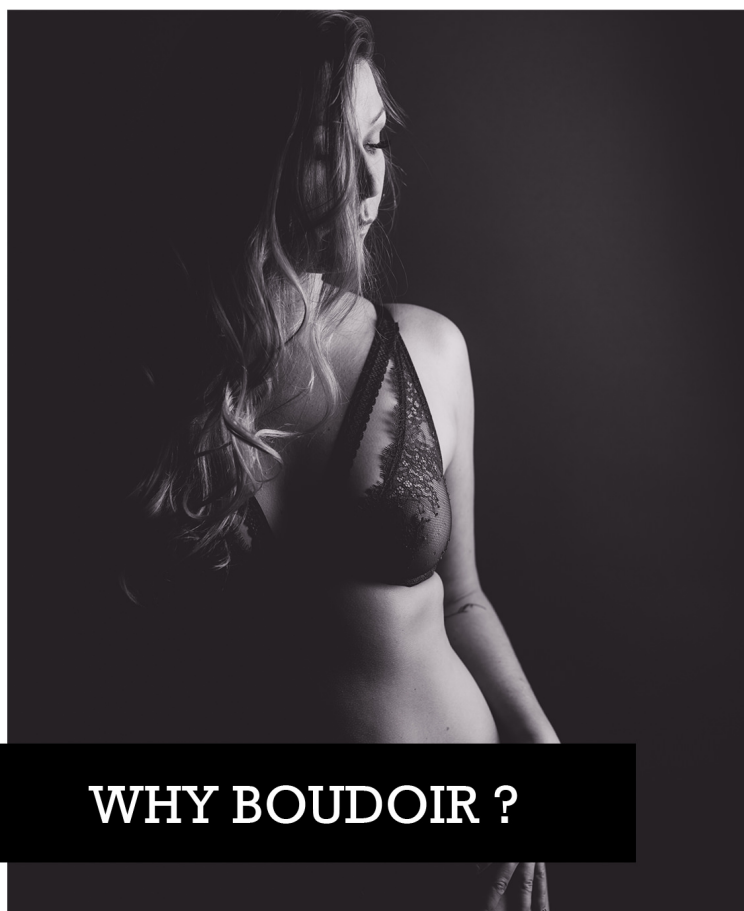

Boudoir, is pronounced “boo-dwahr” or if you are feeling fancy “boo-dwa”. While the term boudoir is French for bedroom, now a days it describes a variety of things including furniture, clothing and a genre of photography. As a boudoir photographer my style tends to be feminine, flirty and artistic. I will always create a fun and laid back environment and provide you with classy images that reveal your feminine side. Each session is catered to your personality. The tone can range from sweetly delicate to fiercely sexy, depending on what you are looking for.

FEMINITY MEETS ARTISTIC EXPRESSION

WHY BOUDOIR ?

A boudoir photography session is not always, but can be a once in a lifetime experience. It's something you should plan for well in advance, just as you would for any special occasion.

There's many reasons why women choose to do boudoir photography:

- To use photographs as a gift for a significant other.
- Brides looking for a unique gift to surprise the groom.
- To celebrate a milestone - like a 30th, 40th or even 60th birthday.
- Mothers-to-be looking to document their pre-baby body.
- As a gift for a lover on Valentine Day!
- Or simply just to remind yourself that you've still got that sassy side in you.

With all the daily tasks women face – life gets pretty hectic! I truly feel that every woman deserves to take a break from the hustle of life, be a little selfish, indulge and do something totally outside of your comfort zone!

MY GOAL IS TO MAKE EVERY WOMAN FEEL

POWERFUL + FEMININE + SEXY

I am thrilled that you are interested in boudoir photography! I like to think of it as an extended spa day – but better! A boudoir session is better because you get to take home images that remind you everyday of how amazing you truly are! Overall I want to create images that you would be proud to blow up & hang on your bedroom wall.

At every shoot I strive to give you a good mix of tasteful & timeless with a few sexy scandalous photos sprinkled in as well. If at the end of our day together you feel powerful, feminine & sexy then I have succeeded at my job. I love the entire process of boudoir photography from beginning to end & enjoy assisting you every step of the way.

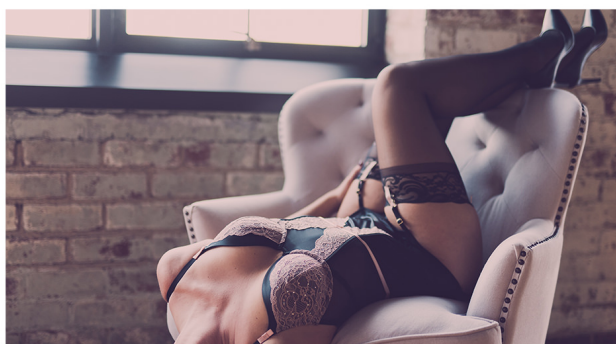

WHAT TO EXPECT

First I suggest that you browse through this magazine, read reviews & check out my portfolio. Contact me with any & every question & idea you might have. I encourage in person consultations where we can meet to chat about details over coffee (or wine!) and decide on a vision for your photo shoot.

Prepping for the big day: shopping, & gathering inspirational ideas leading up to the shoot! feel free to reach out to me so we can get some ideas together. A great place to look for ideas is Pinterest. Shopping for outfits & can't decide what to choose? Text me pics, I love helping!

I have a large, gorgeous, natural light studio with hardwood floors, exposed brick walls, and warehouse style windows located in the Cherry Building in the NewBo area of downtown Cedar Rapids. The space is furnished with a full size bed and plenty of chairs and couches to use as props. My studio is PERFECT for boudoir sessions! There's even a private changing area, makeup station, and full size refrigerator to make the experience as comfortable as possible.

Finally, it's the day of the big shoot! I work with a remarkable hair & make-up artist that is just as passionate as I am about making you feel confident and sexy during your shoot. While we are glamming you up I will provide complimentary champagne & your favorite snacks as we chat away. We will go through your clothing options and put together complete looks, for most sessions about 2 - 3 ensembles. I don't like to set a strict time for this, but generally we will be shooting you for about 2 hours.

Congratulations - we finished the shoot! Within two weeks I will have your images ready and we will meet in person for the big reveal and talk about what products are best for you. Everything I offer is ready to hang or display, whether it's an album, canvas or collection box. Payment is due upon ordering and I do offer payment plans.

HAIR & MAKEUP

We have packages that don't include makeup but we highly recommend that you get this optional service. Our makeup artists have years of experience and are the best that at what they do. Makeup up is decided upon what you want and our artist's suggestions. Photography makeup differs from normal makeup and even though you might have things mastered day to day for makeup, our makeup team will have you looking like a super model.

BOUDOIR ATTIRE

One of the most frequently asked questions is "What should I wear?" Clients are constantly inquiring about what is "acceptable" boudoir attire. The answer is: whatever you want! Boudoir attire is all about what makes you feel sexy and confident. We have ladies bring in everything from classic black dresses to barely-there lace underwear. You can reveal as much or as little as you want. Classic boudoir attire typically includes items such as bra/panty sets, chemises, corsets, and teddies. Contact me and I can help you choose clothing that will make you feel the most comfortable.

PRODUCTS WE OFFER

Choosing how you will present your boudoir photographs is one of the best parts of the whole boudoir experience! After your photo shoot we will meet in person for the big reveal and look through all of your images. Once you've narrowed down your favorite images we will be able to decide what product is best for you.

Albums:

Most of our albums are available in 12x12, 10x10 or 8x8. Do you have a special note or favorite quote you would like to include? Let me know and we can add that to your album design! The pages are sturdy photographic paper that lay-flat when open without any seam or gap to distract from your image.

Collection Box:

A Collection Box is a custom designed keepsake box that includes either 10 or 20 of your images, each printed at 5 x 7. Display these one at a time on a bedside table or keep them tucked away discreetly in a drawer.

Canvas:

My favorite place to hang these breathtaking canvas photographs is in the master bathroom or master bedroom. Fill that space above your bathtub with a beautiful image of yourself. Or maybe you've got the perfect blank wall in your bedroom waiting to be filled with a collage of canvas prints.

Digital Files:

JPG digital files are available for purchase on orders over \$500. Collections come in either medium or high resolution, depending on what size you intend to print them. Starts at \$250.
